

FANCY GIFT BOW

Rewrap your gifts with upcycled food wrappers!

MATERIALS

- Clean food wrapper
- Paper fastener

TOOLS

- Hole punch
- Scissors
- Pen or Marker
- Gift Bow Template or ruler

START!

STEP 1 Either print out the gift bow template at the end of the instructions and cut pieces indicated, or cut according to the following dimensions:

Cut 1 piece that is 4" x 3/4"

Cut 2 pieces 8" x 3/4"

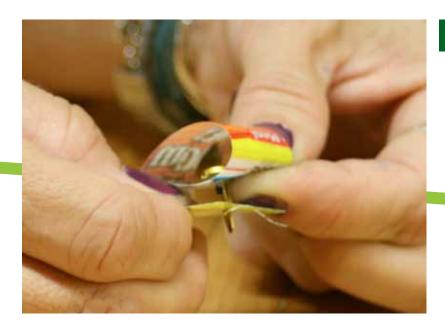

Cut 3 pieces 9" x 3/4"

STEP 2

Punch holes on ends of all pieces.
Then, punch holes in the center of
all pieces except for the
shortest piece.

STEP 3

Create a loop with the shortest piece and insert the paper fastener through the punched holes.

DESIGN TIP:

Mix in multiple colors of wrapper for an extra festive bow!

STEP 4

Take the second shortest piece and twist each piece to form a loop on both ends lining up all 3 holes in the center. Take the paper fastener from small loop and insert through the holes in the second piece.

Repeat step 4 for all remaining pieces. Insert the paper fastener through each one, going from shortest to longest. Secure the back of the bow by opening the ends of the paper fastener.

Wrap your package in another piece of wrapper, or another upcycled type of paper. Add your bow to the top and that's a wrap!
